The founder of Buddhism. Lord Buddha means "a person who is awake". The awake here means waking up to reality. Born into a royal family, upbrought with all lavish and luxury, married and had a son, until the age of twenty-nine he was unwitting of bitter facts of worldly affairs. One day he went to Kapilavastu, on the way he saw an old person, a sick man, and a corpse taken to the cremation ground each for the first time in his life. Which disturbed him to the core, while returning he also encountered a sage who walking in the street with a peaceful expression on his face. These experiences changed his looking into life, Lord Buddha realized that no wealth or pleasure will protect him from facing the universal suffering of a human face. So he left his lavish life to find a way to overcome the suffering "Dukha".

For six long years, he followed many, teachers, severe starvation, self-deprivation, yoga practice, getting no result from all his practices so he finally found the middle way, by avoiding the extremes. He sat beneath a banyan tree, with deep meditation and concentration he attain enlightenment. In this pose, Buddha is seen sitting on a lotus platform with both legs folded, in the Vajrasana pose. The lotus signifies his ability to grow even in dirty water likewise every human has the potential to overcome suffering or any difficulty. Both hands are held on the lap

upon each other. Eyes are completely closed in deep concentration. The Meditation form is widely known as the Amitabha mudra, which "means the boundless light". This form generally represents the focus concentration. Beneficial for people seeking peace and calm in their life, also helpful in improving meditation skills. You can consider the statue to be a spiritual gift for your loved ones. **Placement:** Buddha meditate while the sun rises so always keep him facing the east, where the sun rises. You can be considered placing the Buddha statue in the northeast or Southwest sector, as it activates the earth element. You can opt to place it in Living, prayer, serenity, library, office, or any quiet corner of the house. **Care:** The advantage of pink stone is it is a nonporous material. Wipe the surface with a dry cloth or broom is enough to maintain the glossiness.
