Height: 7.5 inch **Position:** Standing **About the statue posture:** Each statue of Lord Buddha features some physical attributes which are called Mudras. Each Mudra indicates, teaching, meditating, or enlightenment. The standing Buddha statue delineates the period of Lord Buddha rising to teach his findings after attaining enlightenment. Both feet placed side by side, immobilized. And ready to begin his walk and preaching. The left hand is raised towards the chest level holding a prayer bead. And the right is hanging naturally in the side. Lord Buddha addresses his first sermon at Sarnath, to his dispels. His first sermon includes the four noble truths and the eight-fold path. **About Lord Buddha:** Lord "Buddha" the framer of Buddhism. Buddha means " a person who is awake". Born into a royal family, raised with all lush and luxuriant, married, and had a son until the age of twenty-nine he was incognizant about worldly sufferings. One day on the way to went to Kapilavastu, he saw an old man, a sick, and a corpse each for the first time in his life. Which inquietude him, the same day he too encountered a sage who walking in the street with a peaceful expression on his face. So Lord Buddha disowned all worldly things, in search of truth and enlightenment to escape from the universal suffering. After meandering around for six years finally found it under the Bodhi tree, near Bodh

Gaya by meditating deeply for forty-nine days. And ascertain that human life is about suffering but deep concentration, transcendence, and moral conduct are the ways to one can free himself from pain (the suffering). **Placement suggestion** : The beautiful piece standing on a lotus pedestal is ideal for a home, office, or café. Placing on cabinets, accent tables, in the showcase will elevate the look of your décor. Spreading the feeling of calm, combined with its classic black yet rich modern look. **Care:** You can dust the statue using cloth or broom.
