Follow a few of our electric cozy glow tips :

- Gardens, parks, and landscaping are the easiest way to add ambiance after dark. Plant the lamppost lands you a beautiful evening glow.
- Ramp up the ambiance of the deck and patio with lots of comfy sitting arrangements.
- All from and entrance need illumination when night falls, you can go for two on each side.
- Imagine the reflection of light in the water, looks amazing. If your garden has a pool or pond with a water feature side of the water, create an otherworldly view.
- The parabola, gazebo of the garden, parks where sitting is sheltered will be a fantastic way to install the gorgeous lamp.
- Surrounding it with some colorful flowers beneath the base would amplify and make it a centerpiece, you can line it up in the pathways of the garden, landscape, or park.
- Create your style by tucking it amongst the gravel and foliage plants will certainly capture everyone's attention.
- Turn the driveway into a spectacular statement by incorporating lampposts alongside the footpath.
- Be creative in alfresco, in the restaurant, rooftop dining took the decor to a higher level.
- Create a twinkle border in the hedges and bushes to enhance the dense look of their curated cutting.

Know how to clean a lamppost properly:

- It is essential to clean your garden landscaping statue, so the original sculpture won't lose its beauty.
 - A basic things are kept in mind before cleaning any light fixture never forget to turn off the breaker.
 - Now set all parts of the lamp post aside, as it's easily detachable. Also, remove the light bulb using a hand glove or a rag.
 - Now with a bucket of water or with a hose pipe wet all the loose pieces, avoid getting water into the electrical socket for you can safeguard it with a stamping tap to polythene.
 - With a bristle brush or a sponge rinse the loosened pieces thoroughly, until the grime, debris, or any algae detach completely.
 - Wipe the light bulb with a damp rag, and give another shower to the other parts for final cleaning.
 - Now wait until all parts get dry, reassemble your lighting fixture and complete your garden landscaping lighting maintenance.
 - Keep it a routine cleaning twice or thrice a month and enjoy the illumination.
-
