Product Description

Here the Buddha head is represented as round, youthful, charming and sweet looking. Buddha heads symbolically represent vast wealth of knowledge he possesses being the awakened ones. Specifically Buddha head is carved to represent Buddha's wisdom along with the serene smile of his face reminds us of his peaceful and calm nature. The ushnisha, a large cranial bump on his head represents knowledge and wisdom of the enlightened one, the urna, a small hairy bump between the eyes of Buddha symbolizing the supernatural vision and his long ears signifies the wealth and his curly hair represents the nobility. The facial expression of the lord with half closed eyes means meditation with a gentle smile on the lips. Bring this statue home to spread peace and calmness around you. This statue will not just beautify your surroundings; it will spread peace and harmony in your life.
