Product Description

This mythical bird is said to be the mount of the protector of universe lord Vishnu and is referred as the king of the birds and called as “Khageswara”. He is depicted with a huge body of a man and has features of bird like large feathers and beak. According to mythology he is generally referred as “Subarnakaya” because of his massive golden body, he is also named “Suparna” because of his large wings. This legendary bird is said to be the embodiment of strength, power, life and heaven and is the biggest enemy of snakes who are symbol of death. He is considered to be the messenger of the lord Vishnu so is also worshiped in temples where lord Vishnu is worshiped. So bring home this fierce mystical bird statuette home to be blessed by the supreme almighty.
